

Dentsu Aegis Network GPP - Attitude to Risk / Sector Selector

The following investment choices are intended as default settings for group scheme Members of the Dentsu Aegis Network GPP within the Aegon Group Pension arrangements. Investment funds are rated in relation to their investment risk on a scale of 1 to 5 (1 being the lowest risk). You can amend these asset class mixes should you choose, though discussion with your Scheme Adviser is recommended before you take such a decision.

An appropriate investment strategy can be chosen based upon a combination of your attitude to risk (ATR) and term to target retirement age (TRA). You can choose an individual portfolio of funds to match your ATR, or the OBSR rated ATR denominated matching single fund (details overleaf) if you prefer.

Below shows the default sector settings for the Scheme, all choices except Property (which can be excluded in favour of Bonds) are charged at the lowest AMC (0.25% for transfers-in and ongoing contributions). **In discussion with your Adviser, you should also specify your specific fund selections overleaf within your chosen ATR rating.**

Dentsu Aegis Network GPP - Fund Selector

The funds below are to reflect the percentage mix of specific investment fund choices for all regular and all single contributions to the Dentsu Aegis Network Ltd GPP. The colour coding should be married up with that shown on the above Sector Selector page.

The appropriate investment fund mix will include individual funds of a lower and also higher risk rating than your overall ATR rating selected on the previous page of this form. It is the combination of investment funds that creates an overall portfolio reflecting the total risk that ideally matches your ATR rating. **Please discuss your choices with your Scheme Adviser at Patterson-Mills Financial Planning.**

*Aegon, Dentsu Aegis Network Ltd and Patterson-Mills Financial Planning cannot be responsible whatsoever for the investment performance of any investment fund chosen. The suitability of your fund choice is your own responsibility unless you have agreed the selection above with your Scheme Adviser.

I wish to contribute% of my salary (by sacrifice) to the GPP. I further request that my Employer contribution be included in the above selection until further notice.

I confirm that any fund selections specified above that have an Additional Annual Charge are expressed as the maximum current additional yearly charge that will be taken from my Fund. I further accept that these additional charges may vary from time to time, if the costs associated with managing a particular fund change.

I acknowledge receipt of the Aegon brochures, "Easy steps to your company pension", "Protecting your personal information" and "Key Features of the Group Personal Pension plan".

Past performance is not indicative of future returns, which cannot be guaranteed. The value of investments in any fund can fluctuate and I understand that I may not realise the amount I originally invest, at any given time, between the date of investment in a particular fund and the date of encashment of that same fund holding*.
