Cancer Cover

Worrying about symptoms or receiving a diagnosis can be really difficult, so we promise to look after your team and their loved ones for as long as they're covered by Bupa.* We'll do everything we can to diagnosis, treat and support them.

Your benefits

- ✓ No financial or time limits* – your team don't need to worry about running out of funding partway through eligible treatment
- ✓ Access to eligible breakthrough cancer drugs and treatments, often before they are available on the NHS or approved by NICE as long as they're evidence-based
- ✓ Access to a network of Specialist Centres for breast cancer in London and Manchester providing the all clear or all initial diagnostic tests in one visit – just two working days after first calling Bupa
- ✓ If clinically appropriate, your team could receive chemotherapy at home
- ✓ Access to direct helplines for support on any symptoms of cancer and quick referral if appropriate^
- ✓ A dedicated Oncology support team made up of specialist health advisers and nurses to manage their care journey
- ✓ Access to palliative treatment and End of Life Support wherever your team members live

We've removed barriers to help more people check worrying symptoms sooner rather than later. Direct Access allows members to get the support they need, usually without seeing a GP first.^

1 in 2 people in the UK will be diagnosed with some form of cancer during their lifetime†

☎ **0345 751 5515**

📍 **bupa.co.uk/business**

We may record or monitor our calls.

*With Bupa cancer cover there are no time limits and all your eligible treatment costs are paid in full for as long as you have Bupa health insurance. You must use a healthcare facility from your chosen Bupa network and a Bupa-recognised consultant who agrees to charge within our limits (a fee-assured consultant).

^Direct Access telephone services are available as long as the symptoms are covered under the policy. If your cover excludes conditions you had before your policy started, we'll ask you to provide evidence from your GP that your symptoms are not pre-existing for a period of up to two years from policy start date before we can refer you to a consultant or therapist through the Direct Access service. Always call us first to check your eligibility.
